

Immigration

Immigration Clients, please log-in here to access your personal site.

Whether you are looking to hire foreign talent or relocate personnel from abroad, Jaffe provides a full spectrum of business immigration services with personalized attention at each and every step of the process. From case analysis and determination of eligibility to comprehensive immigration and visa services, we have the expertise to provide the front-line readiness and innovative solutions your business needs.

Jaffe's Business Immigration specialists partner with you to attain your goals of attracting and retaining top talent for your company. We navigate the complexities of immigration laws for multi-national clients to ensure that key talent is efficiently secured to support the success of each business. And, we do it while personalizing the process for both the employer and the employees alike.

For businesses hiring foreign nationals or transferring foreign nationals to or from the United States, Jaffe's longstanding history of success has supported businesses of all sizes to acquire the right talent to grow and develop. Integrated within our full-service law firm, our Immigration team works closely with other Jaffe practice groups to bring together areas of expertise that work hand-in-hand with Immigration to ensure the overall success of your business, including corporate and commercial law, commercial litigation, real estate, dispute resolution, financial services, intellectual property, family law, labor and employment, and mergers and acquisitions.
